# KUBE 5 PORTABLE™

PREMIUM MULTI-DEVICE CHARGING SOLUTION

**KUBE**  
SYSTEMS

## Charge anywhere. Charge it on Kube.

Designed specifically for the hospitality industry, Kube 5 Portable™ is a portable universal charging system with built-in cables for all mobile devices.

- ✓ **Marriott Brand Standard Approved Guest Charging Solution**
- ✓ **For use in Select-Service Hotels**

Made for  
**iPhone iPad**

### Kube 5 Portable™ Features

- Charge speed comparable to wall outlets
- Provides 9 hours of phone charge time
- Replaceable and upgradable cables
- Security cable attachment points
- Programmable "Time Out" feature
- Two additional USB ports and built-in Apple iPhone compatible Wireless Charging, powered by Qi technology.

### How do I charge a Kube 5 Portable™?

The Kube 5 Portable™ is effortlessly recharged with an included Charging Tray, which is capable of charging five Kube 5 Portable™ units at once.

### Kube 5 Portable™ Security

A safety slot ensures the security of your Kube 5 Portable™. Checking out a Kube is as easy as slipping the guest's room key, credit card or ID into the adjoining slot. When Kubes are placed free upon tables, optional locking points are available for added security.

### Time Out functionality

Each Kube 5 Portable™ can be programmed with a variable timeout function to limit user time and avoid power squatting.
